MEMORANDUM FOR: Deputy Director for Support

25X1 THROUGH :
Career Management Officer, DD/S

REFERENCE : DD/S 70-2229, dtd 2 June 1970,
Subj: Directorate Panels and Boards

1. OC memorandum 70-269, dated 27 April 1970 proposed several activities where we planned to enlarge the participation of young officers within Communications. Our action to date, leading to the implementation of these proposals has been most satisfactory. The OC-Order on the Suggestion and Invention Panel has been completed and is currently being coordinated internally. A copy of this Order, along with the comments of is attached for your information. The OC-Order on the Honor and Merit Awards Panel is complete in draft form and coordination should be accomplished by 3 July 1970. The OC-Order covering the Administrative Support Panel should be in final draft form within a week.

25X1

2. As a means to solicit additional proposals, we circulated our current list of activities to all Staffs and Divisions on 12 May 1970. DD/S 70-1632 and the MAG Paper, both on the subject: "An Increased Role for the Younger Officer," was attached for their information and guidance. The response was gratifying. Several additional proposals for involving young officers and broadening their participation in management were received. We are scheduling a Career Service Board meeting to evaluate these proposals and insure that we maintain a proper balance within our management structure.
